Instructions for Adding a Desktop Icon for BookFlix

Adding a *BookFlix* icon to your desktop is a simple operation. It requires that you download a self-extracting ZIP file. When this is run, it will place an icon on your desktop for the online BookFlix product.
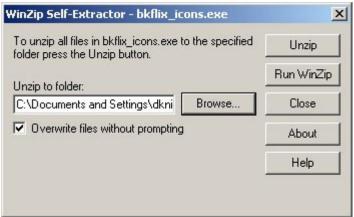

These instructions assume you have sufficient priviledges on your computer to create files and folders on your system.

Download the bkflix_icons.exe *BookFlix* Icons self-extracting zip file for use with Windows 95/98/ME/Vista/7 Operating System from:
http://ipinfo.grolier.com/go_downloadables/bookflix_icons/bkflix_icons.exe

1. Save the file to your Desktop
2. Click Close when download is complete.
3. Double-click on the **bkflix_icons.exe** file that is now on your desktop (may show as just "bkflix_icons" depending upon your settings).
    You will see:

4. Click Browse and choose "Desktop" (at the top of the list).
5. Click Unzip.
6. Once the file has extracted successfully, click OK.
7. Click Close.
8. Locate the *install_icons.bat* Shortcut icon on your desktop and double-click it to complete the installation.
