

ScienceFlix®

Powered by Grolier Online

Science for the Next Generation

ScienceFlix® is transforming the way students access science topics, acquire scientific knowledge, and build an abiding interest in science, technology, and engineering. Integrating curriculum-driven leveled content, interactive features, and intuitive navigation, ScienceFlix is a highly engaging, mobile-ready digital resource. Emphasizing the latest STEM thinking and the Next Generation Science Standards, ScienceFlix provides students with a better understanding of science concepts and ideas through hands-on projects, videos, multiple text types, and so much more.

80+ units in 6 areas of study (including 2 Math units) | More than 20,000 science-related assets
Read-aloud with word highlighting to support beginning readers and ELL students | Videos for each topic
Three reading levels for every anchor and Dive Deeper article | Spanish articles for every unit
Experiments | Science news | Science careers | More than 17,000 curated and vetted web links

Earth Science
